No contract is not available in all locations and only available to new Viasat customers. No contract means there is no minimum service term commitment. You may cancel at any time. If your data usage is trending to exceed the "typical usage" of a residential user on our network, you may have reduced priority during times of network congestion resulting in slower speeds. Typical usage currently means usage trending to not exceed 850 GB in any 30-day period. The typical usage amount will vary based on network demands. Please visit www.viasat.com/legal for more details. Speeds are "up to," are not guaranteed and will vary. One-time standard installation fee may be charged at the time of sale. Monthly service fee, equipment lease fee and taxes apply. Service is not available in all areas. Offer may be changed or withdrawn at any time.
